Evans Looms As Victor In Sheriff Bid

Jack Evans of New Cumberland apparently has won by a narrow margin the Democratic nomination for sheriff of Hancock County in Tuesday's primary and Joseph Manypenny the party's commissioner nomination, according to incomplete returns.

County Republicans nominated Dr. Dale Williams of near New Cumberland for commissioner and Ralph Patrick of Weirton for sheriff, on the basis of partial returns.

OTHERS nominated by the Democrats in 35 out of the county's 39 precincts were Edward Zagula for prosecuting attorney, Dan Grossi for clerk of Circuit Court, George Konchar for clerk of County Court, Anthony Pirraglia for assessor and George Griffith for House of Delegates.

Manypenny, of New Cumberland, former sheriff and New Cumberland police chief, won a six-way contest against Earl Stover of New Manchester and W. (Wick) Atwell, John Kuzio, George Vacheresse and Welty Vulgamore of New Cumberland.

The vote, with 35 precincts reported out of the 39 in the county, was:

Manypenny	3,544
Kuzio	1,707
Atwell	1,164
Stover	1,107
Vulgamore	626

Board Race Won By Jordan, Jones

John Paul Jones of New Cumberland, incumbent Hancock County Board of Education member, and Atty. James Jordan of Chester apparently have won seats to the board, according to incomplete returns from Tuesday's election.

Jones led the balloting with 6,280 votes, and even though William Murray, 50, of New Cumberland polled more votes than Jordan, a state law says that not more than two men from the same district can serve on the board. J. P. Morgan, present board member, is also from the Clay District as is Jones. Jordan is from the Grant District.

Third Of Shanties Built In Poor People's 'City'

WASHINGTON (AP) — With their city of shanties nearly one-third finished, about 300 members of the Poor People's Campaign have moved into it in a festive mood.

As they spent their first chilly night in "Resurrection City, U.S.A.," hundreds of other destitute Americans were in caravans heading for Washington from the South, Midwest, and Northeast.

"It really looks good," said a volunteer carpenter as he surveyed neat rows of triangular plywood shelters near the Lincoln Memorial. A single light bulb gleamed through the clear plastic skylight in each shanty.

"What really tickles me is the spirit of the place," he said. "Everybody wants to help. I'm told 200 hammers were donated, but we didn't have enough."

"We gotta put up mailboxes and nameplates," joked the Rev. Ralph David Abernathy as he joined supporters in a huge canvas and plastic circus tent which will seat more than 200. It is used as a kitchen and for meetings.

So far, demonstration leaders have devoted their time mainly to internal housekeeping—feeding and caring for the 450 demonstrators on hand,—150 are in other temporary quarters—

dates — Lou Smoleski, Mickey Mallas, Edward Malinowski, Frank Rochio and Robert Wright of Weirton.

The vote, based on 35 precincts, was:

Smoleski	2,388
Evans	2,540
Mallas	1,163
Malinowski	715
Rochio	2,263
Wright	399

Dr. Williams, former county board of education member and a dental surgeon, defeated M. H. (Meb) Beatty of New Cumberland for the GOP commissioner nomination. The vote, based on 35 precincts, was:

Williams	2,074
Beatty	1,109

Patrick, 35, of Weirton, a Weirton Steel employee making his second bid for the sheriff post, won the GOP nomination over two others — Harold Miller of Chester and John C. Moore of Weirton. The vote, based on partial returns, was:

Patrick	2,355
Miller	737
Moore	727

Zagula, 42, of Weirton, former Democrat county chairman, defeated incumbent Prosecutor Floyd Tarr and Miss Callie Tsapis, both of Weirton. The vote, based on partial returns, was:

Zagula	3,555
Tarr	2,951
Tsapis	2,786

CHARLESTON — Rep. Arch A. Moore Jr. won the Republican nomination for governor in Tuesday's West Virginia primary election. James M. Sprouse led C. Donald Robertson today in a not-yet-conclusive contest for the Democratic nomination.

After a night of seesawing leads in the Democratic race, state party chairman Sprouse bounced back into the lead today over Robertson, the state attorney general. A Sprouse victory would be a mild upset.

The 45-year-old Moore, six-term congressman from the 1st district, had built up a 17,000 vote lead over ex-Gov. Cecil H. Underwood for the GOP nomination. The lead in this race, too, changed hands several times earlier in the vote count.

THESE WERE the totals in the contests for nominations for governor:

Democratic: 1,923 (76 per cent) of 2,512 precincts reported, Sprouse 90,022, Robertson 87,796, State Sen. Paul J. Kaufman of Charleston 54,137, William

W.Va. Democratic Race Seesaws

A. Lawson of Fairmont 8,071, and Blair F. Winans of Weston 3,022.

Republican: 1,925 precincts reported, Moore 75,941, Underwood 58,436, Peter D. Beter of Huntington 1,547, and Edwin C. "Eddie" Cales of Hinton 1,344.

In the most decisive outcome among statewide contests in the primary, John D. "Jay" Rockefeller IV of Charleston, nephew of the Republican governors of New York and Arkansas, swamped two other opponents to win the Democratic nomination for secretary of state.

THE 36-YEAR-OLD Rockefeller, former Peace Corps official who came to West Virginia as an anti-poverty worker, is widely expected to be a 1972 candidate for governor. He was elected to the legislature two years ago.

Returns from 1,581 precincts in voting for the Democratic

nomination for secretary of state showed Rockefeller with 124,232, former State Treasurer Orel J. Skeen with 27,189, and Richard P. Baylor with 16,514.

Rockefeller's November opponent will be 35-year-old John S. Cables of Huntington, an assistant professor of social studies at Marshall University. Cables was unopposed Tuesday for the Republican nomination.

OUTGOING Democratic Gov. Hulett C. Smith, ineligible to succeed himself, had announced a personal hands-off policy in the gubernatorial primary. But the 41-year-old Robertson, after two terms as attorney general, enjoyed support of several important department heads in the Smith administration.

Sprouse, 44-year-old lawyer, never before had run for office. One state bantamweight Golden Gloves champion, he studied

international law in France as a Fulbright scholar and spent several years in the 1950s on overseas assignments for the Central Intelligence Agency before settling down to law practice in Charleston.

He and Robertson divided labor support in their primary battle. Sprouse had support from the AFL-CIO, for which he formerly was state counsel. The state leadership of the United Mine Workers and Teamsters endorsed Robertson.

UNDERWOOD, now 45, was seeking to become the first West Virginia governor elected to a second four-year term. When he took office at 34 for his 1957-61 term, he was the youngest governor in the state's history. He was defeated in 1960 as GOP nominee for the U.S. Senate and lost again in 1964 as nominee for governor against Smith.

Also at stake in the Tuesday voting were West Virginia delegate seats at the Democratic and Republican national conventions.

But because of the extraordinarily long ballot, most counties did not tabulate delegate results immediately. Winners among the 110 candidates running for 36 Democratic convention seats and 65 running for 14 GOP convention seats will not be known before the end of the week.

STATE SUPREME Court Judge Fred H. Caplan won Democratic renomination for a 12-year term by defeating Circuit Judge Kenneth K. Hall, of Madison. For the Republican nomination to oppose Caplan in November, Dennis R. Knapp of Nitro defeated Merideth P. Wiswell of Huntington. Knapp is judge of Kanawha County Common Pleas Court.

Chauncey Browning Jr., former state public institutions commissioner, won a three-man race for the Democratic nomination to succeed Robertson as attorney general. Browning's father, now a State Supreme Court judge, was once attorney general.

BROWNING defeated State Senate President Howard W. Carson of Fayetteville and Frank M. Ellison of South Charleston, a former assistant attorney general. Tabulation of the race showed these totals: 1,770 precincts reported, Browning 85,993, Carson 68,501, Ellison 21,544.

Charles H. Haden II, 31-year-old Morgantown lawyer and former state legislator, was unopposed for the Republican nomination for attorney general.

These were the outcomes of voting for other contested statewide nominations:

Agriculture Commissioner Gus R. Douglass weathered a surprisingly strong challenge by Charles E. Jenkins of Clarksburg to win Democratic renomination for a second term.

Kennedy's Margin 21% In Nebraska

Turns His Guns On Humphrey; Nixon Gets 70% Of Vote

OMAHA, Neb. (AP) — Sen. Robert F. Kennedy marched to victory in Nebraska's Democratic presidential primary and turned his campaign guns today toward Vice President Hubert H. Humphrey—with a suggestion that battered rival Sen. Eugene J. McCarthy join him.

The New York senator marshaled 51 per cent of the vote for a majority over McCarthy, President Johnson and write-ins for Humphrey.

McCarthy, with 31 per cent of the ballots, absorbed his second defeat by Kennedy in a week, but the Minnesota senator said he would campaign through the primaries ahead, and was not interested in an alliance with Kennedy.

Republican Richard M. Nixon rolled to 70 per cent of the vote, and said that was a victory of greater magnitude than he had anticipated. He said it proved Nebraska was Nixon country.

But California Gov. Ronald Reagan polled a surprising 22 per cent, said he was gratified—and would not refuse the GOP nomination if it were offered.

But Reagan said once again that he is not going to become a candidate, and will not campaign for the nomination. "I could not now foresee myself soliciting the job," he said. "It's a job that seeks the man."

Sixteen Republican nominating votes were at stake in separate balloting, and candidates who favor Nixon won all of them.

The Democratic delegate picture was more clouded, with candidates listed as uncommitted—or pledged to Johnson—crowding the lengthy ballot.

Twenty-eight nominating votes were at stake—two more (Turn to NEBRASKA, Page 6)

Sen. Tompos Leading, But Chaney Trails

CHARLESTON — At least eight Democratic members of the State Senate were ahead of their primary challengers today as they attempted to retain seats in the West Virginia Legislature's upper chamber.

However, returns from Tuesday's primary voting were inconclusive in most of the contested races.

Veteran Sen. William Tompos of Weirton was leading in the 1st Senatorial District in his Democratic primary test against two other Weirton residents — Samuel Iaquinia Sr. and Charles H. Padden.

Tompos' vote total was 9,024 with 149 of 183 precincts counted.

Republicans in the 1st Senatorial District were favoring Willis A. Baldwin of Follansbee who had 5,476 votes to 3,450 for Donald Chaney of Chester.

Reagan Says He'd Accept Nomination

HONOLULU (AP) — California's Gov. Ronald Reagan, gratified by his showing in the Nebraska primary, says he will not refuse the Republican nomination if it is offered to him by the party.

"Once the party has made its choice, I don't think anyone would say no to that," the first term governor told newsmen after hearing he had won 22 per cent of the vote.

But Reagan also said, "I could never foresee myself soliciting this job. I have always believed it is a job that seeks the man, not the other way around."

Reagan commented on the election after a session of the Western Governors' Conference. The showing in the primary clearly pleased the governor and his supporters.

His backers believe he can capture the party's presidential nomination in the event of a deadlock between New York Gov. Nelson A. Rockefeller and former Vice President Richard M. Nixon.

Reagan did not campaign in Nebraska. "I have heard some people say they would be happy if the vote turned out to be 10 per cent," he said. "It is surprising to me. I am gratified to think that there are that many people who feel that way."

Reagan said he would allow his name to be placed in nomination at the Republican National Convention in Miami Beach "because I am a favorite son candidate in my own state."

Enemy Finally Driven Off

Cong Attack U.S. Camp, 19 Americans Are Killed

SAIGON (AP) — Enemy troops hit a second U.S. Special Forces camp this week but were driven off after destroying the communications bunker and some buildings and killing 19 Americans, the U.S. Command reported today.

U.S. helicopter gunships helped repulse the Viet Cong force which broke through a section of the perimeter in a three-hour fight Monday night for the Nui Ba Den Green Beret camp 55 miles northwest of Saigon.

The U.S. Command said at least 25 Viet Cong were killed. In addition to the 19 Americans killed, it said 24 were wounded.

The camp, atop a 3,000-foot mountain 20 miles from the American radio station and an important observation post on enemy infiltration routes. It also has secret electronic equipment to guide allied aircraft over the Mekong Delta and to track movements of foreign planes.

Most Special Forces camps are garrisoned by 10 to 12 U.S. advisers and 300 to 400 South Vietnamese or mountain tribesmen known as Montagnards.

The presence of an American force larger than usual at Nui Ba Den apparently was due to the camp's electronic and communication equipment.

However, the U.S. Command said the camp is much smaller than the Kham Duc Special Forces camp, near the Laotian border and about 300 miles to the north, which U.S. and South Vietnamese forces abandoned Sunday under attack by an esti-

mated 5,000 North Vietnamese troops.

Government sources reported today that at least 185 South Vietnamese troops and members of their families were killed during the North Vietnamese seizure of the Kham Duc Special Forces camp.

Twenty-five Americans were reported killed and 125 wounded in the evacuation of the camp and in a rearguard action while 1,700 defenders and members of their families were lifted out of Saigon.

North Vietnamese gunners knocked down four American planes and five helicopters during the three-day attack.

Area Woman One Of Three Dead In Crash

LISBON — A Lisbon area woman, her mother and brother-in-law died in a one-car accident about 3:40 p. m. Tuesday on the Pennsylvania Turnpike, six miles from the Somerset Interchange.

Pronounced dead at Somerset Hospital were Mrs. Edna Elizabeth Lehman, 49, of the Lisbon-Leetonia Rd.; her mother, Mrs. Emma Zimmerman Fritz, 86, and her brother-in-law, William A. Scofield, 54, both of Elizabeth, N. J.

Mr. Scofield's wife, Anna, 51, was injured critically and is in Somerset Hospital.

Mrs. Lehman had been in New Jersey for the funeral of her brother, Kenneth Fritz of Linden. Mr. Scofield, who was on vacation, was bringing the family group to the Lehman home for a visit.

Pennsylvania state police said Mr. Scofield's car went out of control during a heavy rainstorm, crossed the medial strip and plunged down a 20-foot embankment.

ALIQUIPPA — Aliquippa's junior and senior high schools were closed today as some 60 per cent of the teachers boycotted classes in a salary dispute. Lawrence Maravich, Aliquippa superintendent of schools, said the secondary schools in the borough were hardest hit.

He estimated about 130 of the 420 teachers called in "sick."

Demands U.S. Troops Leave Area

Must Stop Rest Of Bombing Of North, Reds Say

By JOHN M. HIGHTOWER AP Special Contributor

PARIS (AP)—North Vietnam demanded in the Paris talks today that the United States and its allies halt all attacks across the demilitarized zone into North Vietnamese territory and withdraw completely from the area.

Ambassador Xuan Thuy in a long statement directed at U.S. Ambassador W. Averell Harriman specifically demanded that the United States stop all firing of artillery across the zone.

North Vietnamese spokesman said Thuy linked the demand with North Vietnam's insistence that the United States must halt the rest of the bombing of the North and stop "all other acts of war" before the talks here can go on to other issues.

The United States and South Vietnam have forces just below the demilitarized zone to counter North Vietnamese army regulars who allied commanders say infiltrate through the DMZ and around its western end via Laos.

Allies have fought heavy battles in such places as Khe Sanh, Con Thien and Dong Ha in the DMZ area. So far as is known no allied forces are inside the DMZ, which divides the two Vietnams, although some forays have been made to attack enemy positions there. U.S. planes also have bombed the buffer zone from time to time.

In his opening remarks at the first full session Monday, Harriman called for a restoration of the DMZ as a nonmilitary buffer zone.

The two sides met for 3½ hours today and Harriman described the discussions as extensive and active. He did not elaborate.

The negotiators decided not to meet again until Saturday.

Harriman spoke first today for an hour and Thuy for an hour and a half, each time including translations.

Returning to the U.S. Embassy Harriman was asked by newsmen whether the United States favored a coalition in South Vietnam as one measure to bring about a peaceful settlement of the war.

"We have never been for a coalition government," he said, "and we will never be for a coalition government."

Showers Are Slated Today And Thursday

After the latest hard-nosed bargaining on the weather front, it has "leaked out" that negotiators could agree on nothing but showers for today through Thursday.

Variable cloudiness and warm weather will accompany the rain. Temperatures through Monday are due to average a little below normal. Daytime highs will range from the upper 60s to the mid 70s. Lows at night will average in the upper 40s and low 50s.

Coach Urges Emphasis On Track Teams

Track should be stressed as much as basketball and football in Wellsville, Paul Mikanik, high school athletic director and track coach, told members of the Wellsville Kiwanis Club during a noon meeting Tuesday at Meade's Restaurant.

Mikanik said there is a definite enthusiasm for track, as indicated by the 80 who tried out and the 45-man team during the season.

The squad captured six meets and lost one, with one rain-out. The coach then reviewed the accomplishments of the team

during the county meet at East Palestine and the Stanton High School invitational, which were held on consecutive days.

The future looks promising, Mikanik said, with many members returning next year.

One of his major goals is to establish a Junior High track team, he added, pointing out that most schools with a good senior team have a junior team in the athletic program.

Czech Campaign Building Steam

Growing evidence of the substantial changes taking place within Czechoslovakia continues to appear from many sources.

Alexander Dubcek, new chief of the nation's Communist party, despite the military "warning" maneuvers of Russia, Poland and East Germany, continues to lead his regime in stepping up the campaign to break away from the Kremlin's domination.

In fact, the Czechs are even talking tough. Monday night Prague Radio broadcast stiff reply to critics in three nations.

BY CONTRAST, a prominent Czechoslovakian scholar has written an article in a Columbia University publication in which he suggests that the rise of more independent policies in Eastern Europe offers "entirely new possibilities for the development of contacts between East and West."

The Czech intellectual writes that one of Czechoslovakia's major foreign policy goals is to increase the cultural, trade and political relations with nonCommunist countries.

Significant, also is the fact that Prof. Vaclav Kotyk's article presents the first such article to be written by a prominent Czech for an American publication since the Communists took over Czechoslovakia.

In this country it was greeted as an important expression of the independent mood of the intellectuals who are supporting Mr. Dubcek's liberalized regime.

A statement in his article is of special interest to those who are closely watching the developments in Czechoslovakia. He wrote: "It is therefore necessary to develop the relations among the nations in Europe in such a way that they may grow in peace, independence and freedom as well as in harmony and cooperation with hundreds of millions of people in other parts of the world."

While Prof. Kotyk wrote that the war in Vietnam has limited the "possibilities" of cooperation between Eastern European countries and the United States, he emphasized that this has not affected contacts with Western Europe.

And elsewhere there are indications of growing warmth for the United States within Czechoslovakia.

In another surprising development Monday,

the new regime asked the nation an unusual question: "Is communism compatible with democracy?"

THIS QUESTION, along with 22 others relating to the validity of the Communist system and its present practices in Czechoslovakia, appeared in a questionnaire published in the official organ of the Czech Communist newspaper.

It is believed to be the first public opinion survey of its kind ever taken in a Communist country.

All of these heartening developments are most encouraging to the West. Somehow we should make it unmistakably clear that we welcome the trend to greater freedoms in Czechoslovakia and are willing to support it.

Russia successfully supported Cuba in breaking away from the West. It would be more difficult but shouldn't the United States support Czechoslovakia in its attempt to break away from the restrictive controls of Soviet-dominated communism?

'Classroom Experience'

Area teachers and school administrators—and parents interested in education—can sympathize with 30-year-old Daniel Nicholson of Salem, N. H., who quit as principal at the high school there this week.

Nicholson resigned because 50 teachers and only 12 parents attended a "parents night" program at the school.

"They forget," Nicholson stated, "the teachers do work the full school year and at times might like a pat on the back rather than an extra dollar in the paycheck."

Some of the rather forceful actions of teacher groups at obtaining salary boosts and job benefits in the past few years might cause the man in the street to wonder about Nicholson's quote. But the man in the street is generally the man who is that much ahead in the same salary bracket and benefits without the vital responsibility for educating youth.

Most teachers apply themselves to their tasks beyond prescribed regulations, and the job they are doing rates more attention from mom and dad than is generally given. Visits to the school are more profitable for the parents and the student than for the teacher. But the latter likes to know the end result of the "classroom experience" is more than a final grade average.

companion of all citizens — sitting in their homes waiting or fleeing down bullet-filled streets.

In cities and in the countryside, American soldiers and their allies try to get some sleep, get some warm food and stay alive.

The great difference between the two situations adds to the unreal quality of the methodical, very proper atmosphere in Paris.

The stupidity of war is never more evident than when the circuitous route to peace mocks those who search for it by prolonging the agony of conflict.

Hospital Week

There is a tendency for people to adjudge the costs of a hospital stay in relationship to a hotel visit — so much a day for room, meals, a bed, water glass refill, daily dusting and a temperature check.

The current observance of "National Hospital Week" serves to remind us that the expenses of modern medicine — which has made such tremendous strides in the past three decades — are not based on square footage or the hours spent in bed.

The hospital dollar today is purchasing an invaluable amount of professional skill and equipment, the availability many men and women devoted to quality patient care.

Although the patient seldom sees the majority of the hospital staff, they are there in force. Hospitals now employ more than 2 million, and hospital-based occupations are among the fastest growing in the nation.

The people who fill these occupations come from every walk of life and from varying educational backgrounds — high school graduate and college graduate, and professional nurses complete at least three years of education and training beyond high school for their work.

This week is an appropriate time to recognize the vital contributions made by hospital employees in this community and others across the U.S.

The Bonus Expeditionary Force of 1932 — 15,000 strong — wanted immediate payment of adjusted compensation or bonus certificates for World War I service.

The leader Walter W. Water, maintained almost military discipline and expelled Red agitators. Patriotism permeated the ranks. Nevertheless, when President Hoover ordered their camp destroyed by federal troops and District of Columbia police July 28, 1932, several were injured.

To attempt to arouse the conscience of America to special problems of some citizens throughout this country is one thing, but to attempt to coerce the government into acting immediately on legislation with widespread ramifications is quite another matter.

The amazing Civil Rights March on Washington five years ago served its purpose admirably and nonviolently.

THE PRESENT CAMPAIGN has been described as nonviolent but "militant" and its goals are different from the earlier march. It is undeniably an opportunity for troublemakers to ply their trade.

It is hoped those in charge will not forget their responsibility toward a government and a nation that permits them to air their grievances in a manner that is—at the least — unorthodox.

A Challenge

VICTOR RIESEL

Reuther Works For Kennedy

WASHINGTON — Indiana or no Indiana, labor's national high command, which has just gathered here, says it would rather fight than switch to Bob Kennedy.

That leaves New York's junior senator with just a minority of one—Walter Reuther—who wants to see the front runner sprint into the White House.

Victor Riesel

The Kennedy-Reuther coalition now is tightly interlocked, having been tempered by their shoulder-to-shoulder campaigning in the Hoosier state primary.

During the Martini moments in hotel lounges or suites, the national labor chiefs need no biters for their drinks. They tell each other they'd have stopped Bob Kennedy last Tuesday instead of just slowing him, if not for that "redheaded son of a b— from Detroit."

That isn't elegant but it's accurate.

Reuther's political Citizenship councils whipped up by UAW regional director Ray Brendt, went gung ho for Kennedy. They brought in Ted Kennedy. They called in their regional people to meet with him at special luncheons. They spent heavily. They supplied the missing link—as a labor image for Kennedy's charisma and political fortune.

They helped "Bob" beat back even the powerful pro-Humphrey Steel Workers chiefs. No easy assignment, this.

The United Steelworkers District 31 in Lake County, running eastward from East Chicago along Lake Michigan, has over 75,000 members in the dense steel belt, half of whom are Negroes. In District 30 (Indianapolis), the huge union has 30,000 members.

THEIR NATIONAL and regional leaders fought Bob Kennedy as though he were a latter-day Andrew Carnegie. But they lost.

Reuther's constant attack on the nation's AFL-CIO leaders as "guardians of the status quo" and as enemies of Negro workers may not have been totally responsible for Kennedy's win, but the blasts did help.

All of it was encouraged by the "redhead" despite his concentration on the UAW convention at Atlantic City. There is no doubt he was in contact with Kennedy's top strategists here and during their Indiana circuit riding.

There is no doubt, either, that Indiana set the campaign pattern for the sudden-death California primary June 4. Instead of Lake County, it was Watts and the San Francisco Bay area. Instead of the Puerto Rican community woven into the lakeside steel belt, there will be the vast Mexican-American community up and down the line from Los Angeles.

Instead of Indiana's Ray Berndt, there will be

the devout Kennedy worshipper, Paul Schrade, director of UAW Western Region 6. Schrade is on the Kennedy slate of convention delegates.

At his side will be the Pacific longshoremen, led by the ultra Harry Bridges who began criticizing Gene McCarthy long ago.

THE BULK OF California's unions will be in the new California Labor For Humphrey Committee. They're better organized and have a more solid front than Indiana labor had.

If they win, they stop Bob Kennedy. They, the massive 14.9 million-member AFL-CIO, didn't in Indiana. They say, however, it was neither defeat or victory. They didn't think they could stop him there.

They say they went in to slow him. They say they did.

They wanted to make time for their affable comrade-in-arms, Hubert Humphrey, to get started.

"We plunged in late," one of the highest-placed AFL-CIO policy makers said, after I quipped something about it being the "mourning" after.

"We figured that we could do that by holding Bobby below 45 per cent of the vote. We did just that.

"We'd have done better if labor wasn't split, if the state organization hadn't stayed neutral, and if we had started earlier. But Hubert didn't declare. Some of our people didn't roll into the state until April 17. We had all our chips on Ohio to defeat Frank Lausche.

"BUT WE DID stop Bobby from getting that handwagon rolling. If we hadn't, Hubert might as well have joined Lyndon Johnson in applying for a teaching post."

True, Indiana labor was split more ways than one. It has been feuding with Gov. Branigan.

Max Wright, secretary-treasurer of the Indiana State AFL-CIO, told this columnist that "we couldn't get a pledge from Gov. Branigan that he'd step aside for Humphrey. We couldn't get a two-thirds vote for any of the candidates, and we had sentiment for all sides so we just did not get into the fight."

Another union leader said, "Our literature was lousy, our campaigning was worse."

Another added that "this may not be our year. Just look at the vote Dick Nixon got in the big cities; there are a lot of union members in that bundle."

As for being impressed by the Kennedy-Reuther coalition victory, there's no evidence among labor's high command. They've gathered here for Hubert Humphrey.

If necessary to bolster their beloved "HHH," they'll ask President Johnson to speak at a labor convention or two.

Odds are he will. Just watch.

He too would rather fight than switch.

DAVID LAWRENCE

Czech Crisis

Maybe those members of Congress who recently were so quick to express themselves in favor of the selection of Warsaw as a site for the Vietnam peace negotiations will have second thoughts now that a crisis has arisen in the Polish capital itself. For Western diplomats and all foreign residents have just been barred from traveling to or from Warsaw.

While no reasons were given, the assumption is that the Soviet government, which controls the countries of East Europe, is moving troops toward Czechoslovakia, whose leaders lately have had the temerity to differ ideologically with the Moscow concepts of communism.

THE RIGHT OF DISSENT is punishable by military force in communist-bloc countries, and the Soviet Union hasn't hesitated to make a show of force as a signal that further deviation from Communist concepts of the past will not be tolerated. A "summit" conference of all communist countries of East Europe except Czechoslovakia and Rumania has just been convened in Moscow, and the leaders pledged themselves to "all-around co-operation" with Moscow in the controversy with Czechoslovakia.

The American government has known for some time about the rising tension between Poland and Czechoslovakia. This is one of the reasons why Warsaw wasn't regarded here as a good place in which to hold peace conferences with North Vietnam.

The reform movement in Czechoslovakia has been welcomed in Western Europe and inside the United States as a sign that at last democracy was making a little headway in the Eastern bloc and that Czechoslovakia was showing a trend toward self-determination.

The Soviet government has a large number of troops not only in East Germany but in Poland, and these have presumably been alerted. Inside Poland there is a bitter propaganda war being waged by the controlled press against Czechoslovakia.

For the last two weeks hopes have risen here that a substantial change in Czechoslovakia would bring about better relations between the United States and all the countries in the communist bloc of Eastern Europe. Recently members of the administration have been urging an improvement of relations between the United States and the communist-bloc countries, particularly through trade arrangements.

It has been contended that cutting off trade with the communist-bloc nations would leave them at the mercy of the Soviet Union, and that the best way to encourage them eventually to secede from the Communist system would be to bring them closer to the United States. The use of Soviet military power, however, either to threaten or coerce Czechoslovakian leaders will naturally be regarded in Washington as changing the situation and making necessary a re-examination of all the factors involved.

SOVIET POLICY LATELY has become more imperialistic than ever before. The Moscow regime is reaching out to extend its power in the Middle East. The Russian fleet in the Mediterranean has been substantially increased, and the Soviets are spending billions of dollars in economic and military aid to small countries which they hope to bring within their own orbit. Soviet infiltration of Asian countries is a growing cause of concern not only in India but in Japan and the Philippines.

It is significant, too, that the North Vietnamese delegates to the peace talks stopped off in Moscow on their way to the conference in Paris, and conferred with the leaders in the Kremlin.

In recent weeks Russian ships have been increasing their distribution of war supplies through the port of Haiphong, and are doing so at a faster rate than ever before. Thus, the North Vietnamese have been gaining an advantage while a site for the peace talks was being discussed, and America restricted its bombing of Prava, the official newspaper of the Soviet government, is boasting that Russian ships now can unload at Haiphong 12 ships at a time compared to only six before the United States started air raids.

The Soviet government has by no means halted its imperialistic operations, either in Eastern Europe or in Asia.

Through The Years

THIRTY YEARS AGO — President Roosevelt approved two "white collar" WPA projects for East Liverpool.

Maxine Mundy, a senior at Wellsville High School, was crowned queen during the May day festival of Wellsville public schools at Nichols Field.

Miss Verna Lowry, committee chairman, announced plans for the annual reunion of the 1929 graduating class of East Liverpool High School at the Mansion in Youngstown on June 1.

TWENTY YEARS AGO — Vaughn Crawford of Buckeye Ave., Wellsville, attended the Midway of Alpha Tau Omega fraternity at Adria (Mich.) College.

Clarence E. Lewis was nominated for the presidency of the Lions Club.

TEN YEARS AGO — The 58th anniversary of Carroll Council 509, Knights of Columbus, was observed with a dinner.

Dave Ash, a student at Chester High School, reported on the Key Club state convention Martinsburg during a meeting of the Ches Kiwanis Club.

It is hoped—and expected—that participants in the Poor People's Campaign will show by their actions as much faith in this nation as was shown in them by the granting of a permit to build a tent city.

The American principle of a full hearing for those who seek it was upheld when leaders of the march were issued permission to erect shelter for the 3,000 demonstrators to arrive in Washington this week.

The marchers will be housed in the area between the Lincoln Memorial and the Washington Monument.

AS A MATTER OF FACT, a point was stretched to give permission to the marchers to put up shelter. Precedent would have been behind efforts to prevent a mass demonstration aimed at forcing passage of legislation by Congress.

Jacob Coxey and his army of 500 men marched to Washington in 1894. Coxey wanted government loans to states, counties and municipalities which would provide employment to relieve the long depression of the 1890s.

Coxey's army was driven off the capital grounds with the leader and several of his lieutenants arrested for trespass and unlawful display of banners.

Various Penalties Assessed During Court Hearings Here

A Glenmoor motorist who failed to appear in Municipal Court Tuesday morning was fined for reckless operation and ordered to pay the costs of two city parking meters at a hearing today.

Robert K. Shroades was fined \$50 and costs on the reckless charge. He was cited early Monday following an accident on Dresden Ave. The car which he was driving knocked over the two meters.

Acting Judge Robert A. Kapp also sentenced Rhoades to five days in jail, but suspended the sentence on the condition that he pay \$147.86 to replace the meters. The court ordered his driver's license held until payment is made.

A bench warrant was issued for Rhoades' arrest when he failed to appear yesterday. He explained to the court that he misunderstood the arresting officer and thought his hearing was Thursday. He said he telephoned police he would appear when he learned of the error.

IN OTHER hearings, Mrs. Mona Jean Judy of Stagecoach Rd. was fined \$10 and costs for a traffic light violation. She was cited by the Ohio Highway Patrol May 6 in LaCroft on Denmore Ave. John O. Madden of 835 Broadway, Wellsville, also cited by the patrol for a light violation, was fined \$10 and costs after pleading guilty.

Leroy Farnsworth of Glenmoor was fined \$15 and costs for speeding. He was cited on the Freeway by the patrol Monday. Charles William Newlin of 422 Morton St. also paid \$10 and costs for operating a motorcycle with a defective muffler. He was arrested May 8 on Route 170 by the patrol.

John Daniel White of Monaca was fined \$25 and costs for reckless operation. He was cited Tuesday night by the patrol. Several motorists cited by the patrol forfeited bonds. Robert Joseph Stewart of Bellaire forfeited \$27.50 for operating a truck without a chauffeur's license and \$32.50 for pulling an overlength load. He was cited Tuesday on Route 30 while pulling a house trailer.

MAURICE K. Johnson of Cleveland and Lunda C. Taggart of Farrell, Pa., each forfeited \$27.50 on charges of speeding.

Robert Dean Fletcher of Westfield forfeited \$27.50 for operating an unsafe motorcycle and \$32.50 for speeding. He was cited May 8 on Route 7.

A hearing for Mrs. Gladys L. O'Hanlon of 1021 Edgewood Ave. was continued until Friday after she entered a plea of not guilty to a charge of crashing a traffic light at 5th and Market Sts. at 12:45 a.m. today. She was cited by Patrolman Arthur Peters.

Another continuance was granted for Edward Emiler of 7th Ave., LaCroft, cited July 29 on charges of driving while under the influence of alcohol and driving under suspension of his operator's permit. The hearing will be Friday.

A continuance to May 29 was

set in a trial for Leonard Husk of 164 Center St., who is charged with malicious destruction of property, disturbing the peace by intoxication and disturbing the peace by using indecent and profane language. His counsel said the defendant is having repairs made to plumbing fixtures destroyed in city jail.

Annual Cleanup Reported To Be Moving On Time

The city's annual spring cleanup campaign which opened Monday is progressing on schedule, although some delay was caused by Tuesday's heavy rain.

John Melvin, superintendent of the city incinerator department, said residents are cooperating by placing trash at the curb and issued a reminder that the regular trash schedule and routes are being followed.

Melvin said large items, such as furniture, are not being collected by the regular trucks. Two open body trucks of the street department are being used for this purpose.

At times these trucks are behind or ahead of the regular crews and if the larger items are not picked up immediately, they will be collected later, Melvin pointed out.

QUESTION - "Is it true that funeral directors need only a few good funerals each year to make a profitable income?"

ANSWER - Any funeral director doing less than seventy-five services each year is having serious financial problems. More than two hundred small volume funeral homes found it financially necessary to go out of business last year and it is expected that this number will increase each year.

Pact Agreements End Phone Strike

PHILADELPHIA (AP)—A 20-day strike of telephone workers against Bell Telephone Co. of Pennsylvania has ended with an agreement on new contracts that will provide a 19.8 per cent increase on new contracts over the next three years.

Agreement was reached minutes after midnight this morning by the 13,000 member independent Federation of Telephone Workers of Pennsylvania. The contracts cover plant, service department and accounting employees and will cost Bell \$22.4 million, a spokesman said.

Under terms of the agreement wages become effective May 12 and the contracts May 14, if ratified by union members.

The agreement was announced after the union and company accepted a complicated formula covering strike-connected discharges and suspensions of employees, the last bar to settlement.

But in the delegate contest, as well as the presidential preference poll, Kennedy led the way.

Candidates who have expressed a preference for him led for 17 delegate spots. McCarthy-pledged candidates led for two. Nine uncommitted delegates who have expressed no preference filled out the list of leaders for Democratic delegation posts.

With 1,994 of the 2,133 precincts counted, this was the vote in the Democratic popularity poll, which is not binding on delegates:

Kennedy 77,505 or 51 per cent; McCarthy 46,593 or 31 per cent; Humphrey write-ins 12,792 or 8 per cent; Johnson 8,480 or 6 per cent.

Johnson's rejection of candidacy came too late for his name to be taken off the ballot.

In the Republican count, with 1,851 precincts counted, this was the situation:

Nixon 114,834 or 70 per cent; Reagan 35,766 or 22 per cent, write-in votes for New York Gov. Nelson A. Rockefeller, 9,214 or 6 per cent.

Of more than 250 species of sharks, only nine are known to attack man. The odds against being attacked are perhaps millions to one—yet it is estimated that sharks kill or maim from 40 to 300 persons a year. Sharks are prone to prey on the injured and weak. Swimmers, it is said, should avoid thrashing about un rhythmically.

BEWARE OF TOO MUCH SUN

Too much sun can turn an anticipated pleasurable vacation into days of ceaseless pain and discomfort. With just a little caution and a good suntan product, you can prevent both agony and days of unsightly peeling of your skin. Expose yourself to the sun, with plenty of a good suntan preparation lightly patted on the skin, for a short time to start. Then as your suntan develops take more sun each day.

Watch out for those foggy days with the sun hidden. Ultra-violet rays can filter through to give you a burn. Protect your eyes with a pair of sunglasses, created to filter out most of the harmful ultra-violet rays. Stop in and we will be glad to help you select dependable protection against the sun.

The breakfast at 8 will be at the Second Baptist Church, with Harold C. Strickland, field director for the Ohio NAACP Conference, as speaker.

The district NAACP meeting will follow, with representatives from some 15 communities, including Cleveland, Youngstown, Akron, Alliance and Steubenville.

Mortgage Loan Bill Waits Shafer Okay

HARRISBURG (AP) — A bill that would authorize Pennsylvania banks to raise interest rates on mortgage loans from 6 to 7 per cent temporarily is awaiting Gov. Shafer's signature.

The measure, which would be effective over a five-year period, was aimed at relieving a "tight money" situation in the state and making mortgage money more readily available.

Facts, Figures Needed

Financing Survey Eyed For Building New Bridge

West Virginia Road Commission officials have reported plans are being considered for a survey of "facts and figures" in connection with financing replacement of the Chester Bridge.

SRC authorities said they are in contact with Ohio and Pennsylvania officials and the Steubenville - Weirton Transportation Study (SWATS) concerning a general plan of action.

The North Hancock County Development Organization has requested Gov. Hulett Smith to implement plans for replacement of the span on which a 2½-ton load limit was placed four months ago.

Engineers have found corrosion in the cables of the span and have recommended it be replaced "as soon as possible."

The Hancock County group and the Area Chamber of Commerce have pointed out the economic distress caused by the restriction of travel and under-

scored the traffic hazard involved.

The Ohio Highway Department has pointed out new construction cannot be undertaken outside the state's boundaries under present law, and plans for a new span would have to be initiated by West Virginia, whose jurisdiction includes the Ohio River.

West Virginia officials report they are conferring with a "nationally recognized consultant" to undertake a formal survey of means of financing a new structure.

It is possible the SRC officials may have a report on their actions at a meeting of the SWATS at Steubenville June 12, a spokesman said.

Truly Brief 'Agenda'

Last Meeting Conducted By Lincoln Group

The Lincoln Home and School Association held its last meeting Tuesday night at the school. Beginning with the 1968-69 term in September, the group will be affiliated with the new North Elementary School.

George May, president, led devotions and thanked members for their cooperation during his tenure.

Mrs. Elaine Chronister reported on the recent bazaar.

Students of Miss Helen Hannahs and Mrs. Mary Slaven's rooms won the ice cream party for selling the most bazaar tickets. The attendance banner went to Miss Hannahs' and Mrs. Ruth Dawson's rooms.

A musical program presented by the sixth-grade students included western selections and folk dancing.

Mrs. Marie Graham, principal, thanked the parents and members of her staff "for their time and help" during the past term.

It was decided that the balance in the treasury will be turned over to the new group.

GOP Delays Action On Education Bill

HARRISBURG (AP) — After nearly an hour of bitter partisan debate, House Republicans have reluctantly agreed to postpone action on a controversial higher education facilities bill.

The GOP-sponsored bill was called up for a final vote Tuesday and appeared to have won passage. But when Minority Leader Herbert Fineman, D-Philadelphia, demanded a new roll call, the Republicans backed off.

The legislation would authorize counties to issue bonds for capital expenditures at state colleges or state related universities or their branches.

Incumbent Congressmen In W.Va. Win New Bids

CHARLESTON — All of West Virginia's incumbent congressmen seeking re-election apparently won renomination in Tuesday primary voting. Rep. Harley O. Staggers, dean

of the state's House of Representatives' contingent with 10 consecutive terms, was far ahead of his Democratic opponent, Larry L. Chambers of Martinsburg.

Staggers, with returns in from 331 of the 2nd District's 595 precincts, had 22,874 votes to 5,035 for Chambers.

THE 2ND District GOP congressional race was a three-man battle between William D. Brown and Albert Minnich, both of Martinsburg and George L. Strader, Buckhannon clothing store owner.

The unofficial totals were Strader 8,014, Brown 7,384 and Minnich 2,536 with 315 of 595 precincts counted.

A contest whose results were conclusive involved five-term House member John M. Slack Jr. of Charleston, representing the 3rd District.

Slack won Democratic renomination over the Rev. Leonard Underwood, a Baptist minister and political unknown from St. Albans, with 32,285 votes to 1,043 for Underwood, based on returns from 283 of 429 precincts.

FORMER State Sen. Neal Kinsolving of Charleston was leading in the 3rd District GOP congressional race which had five other entries.

The totals with 304 of 429 precincts counted were Kinsolving 3,530; Joe L. McQuade of Charleston, 4,399; George T. Martin, Charleston, 3,722; E. F. Martin, Poca, 3,555; John M. Orth, Dunbar, 834 and F. S. Workman, Charleston, 2,647.

In the 1st District Democratic House race, former congressman Robert H. Molloy of Fairmont appeared to have the primary nomination wrapped up in the midst of another five-man field.

Molloy, who represented the 1st District before entering and losing the 1956 gubernatorial campaign to former Gov. Cecil H. Underwood, had 15,144 votes with 377 of 558 precincts tallied.

INCOMPLETE totals for other 1st District candidates were H. Laban White, former speaker of the House of Delegates, 8,050; Arch W. Riley, Wheeling, 8,188; W. R. Wilson, Fairmont, 3,318; Frank M. Gaudin, Fairmont, 2,720; Larrie Bailey, Fairmont, 4,299.

Thomas Sweeney, Wheeling insurance and radio station executive, and former state GOP chairman Daniel Louchery of Clarksburg, were in a close contest for the 1st District Republican nomination to the house.

Sweeney led 14,279 to 11,812 with 377 of 558 precincts tabulated. James A. Washburn of Lost Creek was a distant third with 1,707 votes.

Congressional candidates in the 4th and 5th Districts ran with out opposition in the primary. They were incumbents Ken Hechler and James Kee, both Democrats, and Republicans Ralph L. Shannon, Huntington, 4th District and J. Donald Clark, Bluefield, 5th District.

Four members of the Columbus Jets have an interesting sideline.

They have formed a musical group called "The Jet Set," featuring pitcher Larry Killingsworth and catcher Manny Sanguillen on guitars and pitchers Dave Roberts on drums and John Gelnar vocalist. Their first appearance brought good reviews. Jets getting good reviews for their hitting are Andre Rogers at .308, Elvio Jimenez (brother of the Pirates' Manny) at .304 and Bob Oliver at .300.

BERNIE ALLEN was used as a first base coach by the Washington Senators recently when regular coach Nellie Fox was tossed out of the game for arguing.

HAROLD (HANK) Allen of Wampum, Pa., was sent down by the Senators to Buffalo. Brother Richie of the Phillies has been having his hitting problems lately, but kid brother Ronnie, who attended Youngstown U., is hitting .279 with Reading of the Eastern League, good for 10th spot in the pitching-dominated loop. Ron also leads the league in RBIs.

JERRY JAMES of Follansbee will attend Steubenville College next year on a basketball scholarship. James averaged 17 points a game both this season and last.

DENNY TAYLOR of West Virginia is ranked third nationally in ERA with an 0.45 mark. Taylor is seventh nationally in strikeouts with 12.6 fanned every nine innings. He posted a 6-0 mark for the Mountaineers.

RALPH KINER's son Mike, 14, playing baseball for Deerfield (Mass.) Academy, slugged a grand-slam home run his first time up. Young Kiner is a catcher.

THE METS are very high on fast-baller Nolan Ryan, who soaks his finger in pickle juice to avoid blisters. They claim he's a "dilly" of a pitcher.

CLEVELAND'S fantastic pitching continues even in exhibition games. The Tribe shut out Cincinnati Monday night. The Indians are having trouble pulling double plays, turning in only two in a recent 15-game stretch. A possible reason is that the opposition is getting fewer runners on base.

Indians Beat Yankees 4-2; Hunter Staggers To Victory

By HERSCHEL NISSENSON
Associated Press Sports Writer

Oakland pitcher Catfish Hunter and Cleveland Manager Alvin Dark were far from perfect Tuesday night. But, though neither was around at the finish, their respective ballgames had the perfect endings.

In his first appearance since his perfect game against Minnesota last week, Hunter was jolted for five runs in the first inning but staggered to victory as the A's outslugged the Twins 13-8.

Dark was thrown out by umpire Bill Valentine for protesting two called balls as the sizzling Indians beat the New York Yankees 4-2 for their fifth straight victory and 11th in the last 12 games.

Cleveland took over undisputed possession of second place in

Twins Lose 13-8

the American League as Baltimore bowed to league-leading Detroit 4-0. It was the Orioles' seventh straight setback following an eight-game winning streak.

In other action, Boston edged Washington 5-4 in 10 innings and Chicago nipped California 7-6 on Duane Josephson's seventh-inning homer.

Hunter was lifted after allowing the Twins eight runs and the same number of hits, including four homers, in six innings. But he got credit for the victory as the A's overcame a 5-0 Minnesota lead.

Rod Carew belted Hunter's second pitch over the fence and Tony Oliva and Rich Roll added two-run homers before the first inning was over.

The A's forged ahead with six runs in the fourth inning, highlighted by Bert Campaneris' two-run triple and Jim Pagliaroni's two-run double.

Two errors by Yankee shortstop Gene Michael helped the Indians push across the tying and winning runs in the seventh inning. Dark was ejected an inning later when he challenged two calls by Valentine on relief pitcher Eddie Fisher.

Willie Horton drove in three runs with a pair of homers and Earl Wilson pitched a four-hitter as Detroit drubbed Baltimore. The Tigers have a two-game lead over Cleveland.

Boston trailed Washington 4-0 as Frank Howard socked two homers and Ron Hansen hit one. But Ken Harrelson hit a two-run homer in the sixth and the Red Sox tied it with two more in the seventh. They won it in the 10th on a bases-loaded throwing error by Washington catcher Paul Casanova.

The White Sox' triumph, which came after they blew a 6-3 lead, was their 11th in 17 games after a 10-game losing streak at the start of the season and pulled them to within 12 percentage points of the ninth-place Yankees.

Nolan Ryan Pickles Reds; Drysdale Shuts Out Cubs

By DICK COUCH
Associated Press Sports Writer

Nolan Ryan and Ron Reed are having the time of their young lives throwing smoke past National League batters.

Old pro Don Drysdale is

throwing shutouts for survival. Ryan, the New York Mets' rookie sensation, and Reed, Atlanta's first-year flash, each zipped to his fourth victory of

the season Tuesday night.

Drysdale, meanwhile, fired a two-hitter for his first triumph in a month as the Los Angeles Dodgers squeezed by the Chicago Cubs 1-0. The 33-year-old Dodger veteran had lost three straight well-pitched games after beating New York in his first start by a 1-0 count.

Ryan shackled Cincinnati on four hits and struck out 14 for a club record in hurling the Mets to a 3-2 decision over the Reds. Reed scattered five hits in subduing Philadelphia 3-1 for his fourth victory without a loss.

Frank Johnson's first major league home run carried the San Francisco Giants past Houston 2-1 in the only other NL game. The Pittsburgh-St. Louis contest was rained out.

Drysdale, coming off successive 13-16 seasons of the feeble-hitting Dodgers, blanked the Mets on four hits April 13, then was beaten by Atlanta 2-1, by San Francisco 3-0 and by Philadelphia 3-2.

Tuesday night, he limited the Cubs to a fourth-inning single by Don Kessinger and a fifth-inning single by opposing pitcher Ferguson Jenkins. The 31-year-old right-hander finished with seven strikeouts, including a pair that got him out of serious jams.

Drysdale fanned Ernie Banks in the fourth, stranding Chicago runners on second and third. He left Cubs on first and third in the fifth by striking out Kessinger.

The Dodgers rushed over the game's only run in the sixth when Wes Parker singled, took third on Willie Davis' single and scored as Ron Fairly bounced into a force out.

Ryan, 21, struck out five of the last six Cincinnati batters to break the Mets' single game strikeout mark of 13 set by Dick Selma three years ago in a 10-inning game against Milwaukee.

The 14 strikeouts also gave Ryan, 42, a league-leading season total of 58. He survived bases-empty homers by Tony Perez and Lee May after Art Shamsky's two-run triple and a run-scoring single by Ron Swoboda sent the Mets ahead 3-0 in the third inning.

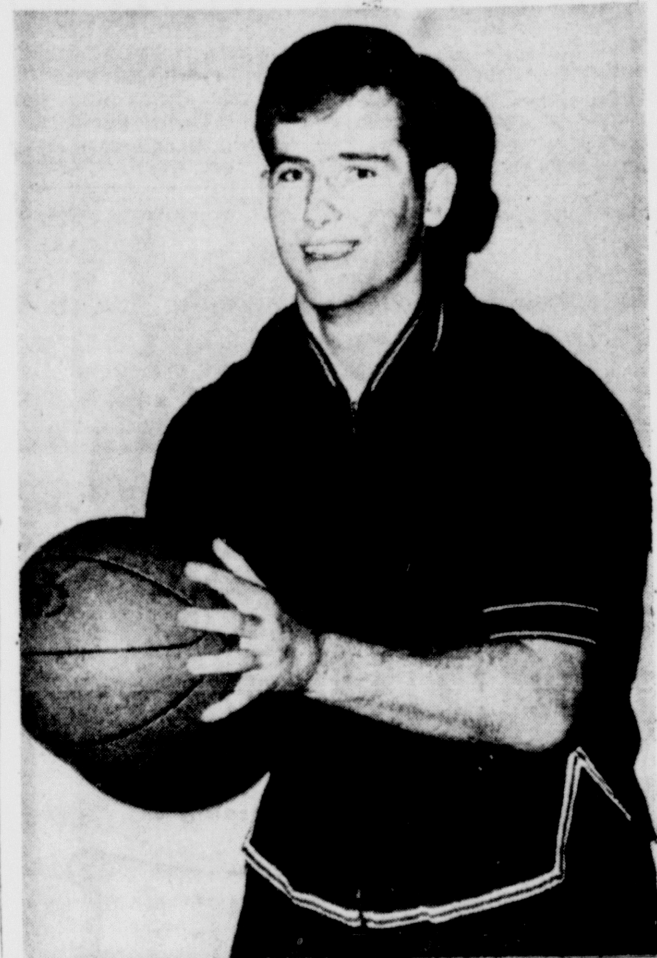

Reed, the 25-year-old former pro basketball prospect with the Detroit Pistons, struck out five and walked none in going the distance for the second time in four winning starts. Hank Aaron's two-run homer in the fifth provided the margin for the 6-foot-6 right-hander as the Braves rolled to the fifth victory in their last six games.

The homer was Aaron's ninth this year and the 490th of his career. He needs three more to tie Lou Gehrig for eighth place on the all-time list.

Johnson's bases-empty homer off Dave Giusti in the fifth inning gave the Giants and southpaw Mike McCormick a 2-0 lead and they held off the Astros behind Frank Linzy's tight relief pitching.

Linzy choked off an eight-inning Houston rally after Rusty Staub closed the gap with a run-scoring single, then retired the Astros in order in the ninth, protecting McCormick's third victory in six decisions.

The Daughters of the American Revolution organization erected the Madonna of the Trail monuments.

MIKE McVAY

Mike McVay Honored As VFW District Star

Mike McVay, a senior at East Liverpool High School, has been named as the outstanding high school athlete of the year by the Sixth District of the Ohio Veterans of Foreign Wars.

McVay will be honored at a banquet Saturday night at VFW Post 66 in East Liverpool. He will represent the district in the state contest in Columbus next week.

McVay edged Tom Robinson of Marlinton in the voting. Others getting votes were Dave Keith of Dover, Tom Houser of Massillon and Lionel Grimes of Alliance. The voting area covered the counties of Carroll, Columbiana, Coshocton, Harrison, Holmes, Jefferson, Stark, Wayne and Tuscarawas.

McVay was all-east in football, starring at halfback, quarterback and linebacker. He also starred on the basketball and baseball teams and tossed the shot in track. He will attend West Virginia U. next year.

Last year's winner was John Studer of Strasburg. Other winners who went on to be state

winners were Paul Gibson of New Philadelphia and Bob Galdieux of Louisville.

The main speaker at Saturday's banquet will be Sam Warmoth of Lebanon, Ohio, the state VFW junior vice commander. Past district commander Joe Torrence of East Liverpool will serve as emcee.

Leetonia downed United 6 1/2-2 1/2 in a golf match at Ryan's yesterday.

Number one men Bob Perry of the Bears and Larry Kibler of the Golden Eagles each fired even-par 35s and split two points. Dennis Kibler and Gene Altomare each shot 39s, but Kibler took 1 1/2 points to account for all of the losers' score.

Mike Mancuso shot a 37 to a 45 by Tom Wood and Ted Conrad had a 39 to a 41 by Harry Dorr.

Women In Mets' Clubhouse

NEW YORK (AP) — Moments after the New York Mets had defeated Cincinnati Tuesday night, they trooped happily back into the clubhouse to find . . . women!

It turned out that Mrs. Joan Payson, the Mets' owner, had politely inquired if she and her party might be allowed, when the game was over, to visit the dressing room and chat with the players. Not surprisingly, the request was granted.

"She's a nice lady," said Gil Hodges, the Met manager. "She asked permission. She didn't have to. She wanted to come. She'd never been in the clubhouse and she wanted to see it." So for a few moments, the Mets sat before their lockers, none of them undoing so much as a button or a shoelace, while the women and their escorts walked around the carpeted floor chatting merrily away and enjoying themselves immensely.

For the record, let it be noted that the first ladies to visit a baseball dressing room after the game were Mrs. Joan Payson, Mrs. M. Donald Grant, Mrs. Michael Grant, Mrs. Timmy Grant and a woman whose name, alas, has been lost to posterity.

Lee Named New Warrior Coach

George Lee (left) was named head coach of the San Francisco Warriors, of the National Basketball Association yesterday by owner, Franklin Mieuli (center). Al Attles (right) was named assistant coach. Lee and Attles had been members of the Warriors since the team arrived in San Francisco from Philadelphia. Lee replaces Bill Sharman who left a \$40,000-a-year job to become coach and part owner of the Los Angeles Stars of the American Basketball Association. Lee's salary was estimated at \$20,000 a year. Lee is working without a contract. "I'm disenchanted with contracts", Mieuli said. "Lee didn't ask me for one and I didn't offer one. I had one formal contract and one informal one and they didn't work out. No contract can be binding if a coach does not have his heart in it."

Derby Decision Due Today

By BOB COOPER
Associated Press Sports Writer
LOUISVILLE, Ky. (AP) — The climax of the 1968 Kentucky Derby, 11 days late, appeared near at hand today. A stewards' hearing into the disqualification of Dancer's Image as the winner neared its close.

The three Churchill Downs stewards, racing's judge and jury, pondered more than 29 hours of testimony from a parade of eight witnesses including Lou Cavalaris, trainer of Dancer's Image.

Only one day remained before entries were due in Saturday's Preakness and the stewards made it known they wanted to finish the hearing so the colt's name might be dropped into the Pimlico entry box. Involved in an illegal administration of a pain-killer to Dancer's Image, Kentucky racing rules, hon-

ored by all other states, prevent entry of Dancer's Image in any race until the matter here is closed.

Tuesday's session of the hearing extended into the early hours today, finally concluding at 2:06 a.m., more than 17 hours after it had begun. Another session today is scheduled for 9 a.m.

The eight witnesses who testified before the stewards were: Peter Fuller, owner of Dancer's Image; Cavalaris, the man whose reputation is at stake in the hearing; Robert Barnard, assistant trainer of Dancer's Image, and Russell Parchem, the horse's groom.

Also, Dr. Alex Harthill, a veterinarian; Kenneth Smith, a chemist; Doug Davis, an owner-trainer; and Dr. Charles Jarboe, an associate professor of pharmacology at the Univer-

sity of Louisville school of medicine.

A report by Smith first brought to the attention of the stewards that phenylbutazone was found in Dancer's Image's urine. That report in turn led to the disqualification of the gray colt and the placing of runner-up Forward Pass in first place.

Smith testified for more than six hours in the closed and heavily guarded hearing room.

Harthill was named by Cavalaris as the man who helped administer two tablets of phenylbutazone to Dancer's Image on April 28, six days before the race and more than twice the time believed needed for the medicine to have worn off.

Preakness Has Woman Trainer

By GORDON BEARD
Associated Press Sports Writer
BALTIMORE (AP) — Judy Johnson, the only woman ever licensed as a jockey and one of racing's first female trainers, will make Preakness history Saturday when she saddles Sir Beau in the \$150,000-added classic.

Two women have trained Kentucky Derby starters—the last was Mary Keim with sixth-place finisher Mr. Pak in 1965—but Miss Johnson's Paddock Walk at Pimlico will be the first for the Preakness.

"This is a dream come true," Miss Johnson said. "It's something you never expect to come your way. I've been waiting 40 years."

Judy started as a trainer in 1935, and in 1944 she was licensed to ride in steeplechase events. More than a mere wartime replacement, she won eight races in Canada after two out-of-the-money mounts in Maryland.

"When I returned to Maryland in the fall of 1944," she said, "the stewards said I could have stalls for my horse but indicated they didn't want me to ride any more."

Miss Johnson then concentrated on training horses, for which she was licensed in 1955. One of her horses was Floating Isle, who was named steeplechase Horse-of-the-Year in 1947.

Miss Johnson says there's a definite place in racing for women trainers.

"Why not?" she said. "It's not that complicated. It's 95 per cent luck getting a good horse in the first place. If you have a good horse, the sex of the trainer means nothing."

Aaron Hits Home Run, Complains

PHILADELPHIA (AP) — Hank Aaron says they ought to narrow the strike zone.

Narrowing the strike zone could be akin to issuing a license for the next .400 hitter. Aaron, however, says the pitchers have all the best of it as things now stand. They get the corners, the knees and the letters.

Aaron led the Atlanta Braves to a 3-1 victory Tuesday night over the Philadelphia Phillies.

Aaron's two-run homer in the fifth boosted his total home runs to 490, three shy of tying the late Lou Gehrig for eighth place on the all-time home run list.

Getting back to the strike zone, someone suggested the plate umpire be replaced with an electronic ball and strike calling device. How would he like that, "Fine," he said, "if I can control it."

Buffalo Tops Columbus Jets 9-7

By The Associated Press
Now it's the Buffalo Bisons' turn to make a run at the International League leaders.

The Bisons, who dropped five of their first six starts, moved to within half a game of third-place Columbus with a 9-7 victory over the Jets Thursday night. Buffalo's fifth straight triumph boosted the Bisons to within two games of first place.

It was a bad night all around for most of the front-runners. Rochester and Louisville, tied for the lead, both lost — the Red Wings to Jacksonville 4-2, the Colonels to Toledo 5-2. The last-place Syracuse Chiefs smacked down Richmond 6-3 in 12 innings.

A 13-hit assault that included four homers kept Buffalo's winning streak intact. Brent Alyea drove in four runs with his eighth and ninth homers and a pair of sacrifice flies, while Terry Harmon and Jim French also belted roundtrippers for the Bisons.

Left-hander Jim Rooker pitched a four-hitter, struck out 14 and hit a two-run homer as he led Toledo past Louisville.

Mantle's Brother Roy Vegas Black Jack Dealer

By MIKE DOAN
Associated Press Writer
LAS VEGAS, Nev. (AP) — Roy Mantle, who snared fly balls for three years in the Yankee farm system, now deals cards in Howard Hughes' Desert Inn Hotel.

"It's a little harder than it looks," says Mickey Mantle's younger brother, who estimates he is making more than he would have in the minor league.

The average black jack dealer makes \$27 a day plus tips.

"This really is just another job," says Mantle. "A lot of people think it's crooked but it's not."

Roy and his twin brother, Ravi, now 32, signed with New York but turned to other jobs while their famous brother was swatting homers.

"Ray became disgusted and quit baseball," said Mantle.

Miami Again Named As Super Bowl Site

By RON SPEER
Associated Press Writer
ATLANTA (AP) — Pro football owners, who apparently consider Miami the land of sunshine, sellouts and success, plan to stage their Super Bowl battle in the Florida city again next year.

"These men are businessmen, and they know you can't beat success," Miami Mayor Steve Clark said in explaining why Miami was awarded the 1969 showdown between champions of the American and National football leagues.

The 1968 Super Bowl was a 75,000-seat sellout at the Orange Bowl last January. Apparently that was enough to offset a guarantee of 80,000 fans made by New Orleans backers hoping to stage the next game in the Sugar Bowl.

New Orleans had been considered the early favorite, but in a voice vote Tuesday owners of 25 NFL and AFL teams gave unanimous approval to return the game to Miami. New Orleans abstained.

Miami will charge \$25,000 again next year for rental of the Orange Bowl. Rental apparently did not have an effect on the owners, although New Orleans

started out by asking for 12 per cent of the gate, or about \$90,000.

Frank Wall, general manager of the Atlanta Falcons, said the vote was based only on last year's Super Bowl success at Miami.

"You can't beat the weather, the crowd and the whole operation," Wall said. "Nothing else was involved."

With the site of the Super Bowl settled, NFL owners turned their attention to strategy to counter claims by players that they deserve a bigger financial cut.

Art Modell, owner of the Cleveland Browns and president of the NFL, said a committee would be empowered today to work out an agreement with the NFL Players' Association.

The players are seeking a minimum salary of \$15,000 a year, a \$5 million annual payment to their pension fund and \$500 each for participation in exhibition games.

The payment for exhibition games and the hike in the pension fund payment apparently has met with little sympathy from owners.

May Bench Stargell

Pirates Are Rained Out, Shepard Plans Shakeup

PITTSBURGH (AP) — Pirate Manager Larry Shepard's been patient these past few weeks. He's been waiting for his regulars to swing their way out of their slumps.

Shepard now says he's waited long enough. "I think a few of the fellows might benefit from a game or two off," he said Tuesday.

The Pirates themselves had a day off Tuesday when they were rained out against the St. Louis Cardinals. But Shepard said Tuesday he was contemplating benching Willie Stargell for tonight's game with the Cards.

Shepard benched Gene Alley Monday night when the Bucs lost to St. Louis 1-0. Alley was on the sidelines because of a sore shoulder and an equally

ailing batting average of .190.

If Stargell goes to the bench it will be because of his .228 average. And it could be that the next regular to go will be Bill Mazeroski with a .182 average.

Shepard says he doesn't plan a wholesale benching of Pirate regulars.

"If we're going to win anything this year," he said, "we will win it with our regulars in there most of the time. But I just think the time has come for a change here and there. It is nothing permanent."

Tuesday night's rainout gave Roberto Clemente an extra day to rest his sore shoulder. But Clemente's batting average is as weak as the rest of the Pirates. He's hitting at .208.

Clippers' Young Wins Broad Jump At District

Columbiana qualified three athletes and United two at the Class A district track meet held at Struthers yesterday.

The qualifiers will participate in the regional meet at Baldwin-Wallace in Berea on Saturday.

Mark Young of Columbiana, only a sophomore, won the broad jump with a 20-5/4 leap. He was fourth in the 180-lb hurdles and fifth in the 120-high hurdles. The top three finishers advance to the regionals.

Al Barber of the Clippers took third in the 120-high hurdles and

in the high jump. Gar Schmidt was third in the 100-yard dash.

Mike Horner of United was second in the 220, and the 880 relay team of the Golden Eagles was third.

Chip McConville of Crestview was fifth in the broad jump.

Kent State High won the meet with 64 points, followed by Springfield Local 39, Lakeview 35, Lake 26, Columbiana 20, Sebring 10, Garrettsville 9, McDonald 7, United 7, Jackson-Milton 6, Waterloo 5, Rootstown 3, Crestview and North Lima 1.

Big Leagues Return To Milwaukee Tonight

By KEN HARTNETT
Associated Press Sports Writer
MILWAUKEE, Wis. (AP) — Milwaukee takes a tentative step back into the big leagues tonight after two seasons as the city baseball but all forgot.

The last-place Chicago White Sox, starting as poorly at the box office as they have in the American League pennant race, meet the California Angels in the first of nine regular season games the White Sox plan to play in Milwaukee.

The advance sale has approached 20,000 tickets. That is almost double the largest crowd the White Sox have drawn so far this season in Chicago.

The game will be the first in Milwaukee to count in the major league standings since September 1965. The Braves ended a stay of 13 seasons at County Stadium that fall and headed for Atlanta.

Since then the only baseball

played at the stadium has been the annual Firemen's vs. Police-men's game and two White Sox exhibitions. The exhibitions, including one this April with the Chicago Cubs, drew a total of 71,000 fans.

The Braves averaged better than a million in attendance each year during their Milwaukee stay, which ended in bitter recriminations and a costly antitrust suit won by the National League.

Now there are recurring rumors that the White Sox would like to shift the franchise 90 miles north. Milwaukee also is considered a strong contender in the competition for one of two expansion franchises in the National League.

The White Sox insist they intend to remain in Chicago. Arthur W. Allyn, club president, said he is pushing efforts to build a sports complex in downtown Chicago.

2 Dead Heats At Waterford Last Night

There were two dead heats at Waterford Park last night.

One of the dead heats was to win in the fourth race perfecta, giving two perfecta payoffs on the race. The other dead heat was for place in the opening race, first half of the daily double.

In Chips (No. 4) and Beckys Boot (No. 8) battled head and head down the stretch in the five - furlong fourth race. At the end there was a long wait while the judges tried to separate the two. They were unable to see where either one had an advantage at the finish and so there were two winners.

When there is a dead heat for win in the perfecta events, the horses finishing in the dead heat make up the winning combination in the perfecta. In this case the combinations were 4-8 and 8-4.

The 4-8 combination of In Chips and Beckys Boot returned \$27.00 while the 8-4 combination paid 25.00. The nine payoffs in this race were across the board win, place and show for the two winners and show for Romney which finished third, plus the two payoffs on the perfecta.

After Mt. Victory galloped to an easy victory in the opening race Tee Tee Tut and Wilmi splashed through the sloppy going to finish on even terms.

Mt. Victory paid \$16.00 after winning the first race and Foolishly Bold returned \$31.00 as the winner in the second for a daily double payoff of \$171.60. The winning combination was 6-3.

The two dead heats were not the only oddities at Waterford last night. In the West Virginia Primary feature, Ortative, the first horse to cross the finish line in a photo finish, was disqualified and placed second. The winner was Frank Guicardo's Happy Hull, which hung up his second successive feature victory. In third place was Brandys Play, suffering his third straight defeat and fourth in six starts this year. Last year Brandys Play was unbeaten, winning 10 successive races.

Big 10 Takes Action
On Rained Out Games
MINNEAPOLIS (AP) — Big Ten athletic directors have moved to take some of the coaches' manipulations out of deciding the conference's baseball champion each spring.

The directors approved at their Tuesday business meeting here a rule making it mandatory that Saturday rainouts of Big Ten baseball games be made up on Sunday—unless the weather prevents it.

Until now, it had been left up to the two rival coaches in a series to mutually agree on whether to make up games on Sunday.

Grid Aide Elevated
VERSAILES, Ohio (AP)—Al Hetrick, 28, was named Versailles High School's new football coach Tuesday night, and will try to extend the school's 29-game winning streak this fall. Meeting Freezer Crisis

DEAR FOLKS: We receive many letters asking what to do if your home freezer STOPS. So lend an ear. I acquired the following information from the U.S. Department of Agriculture and would like to pass it on to you.

First, keep the freezer closed except to take out the necessary food or to add dry ice. Don't worry if you know you'll have the freezer running again in a few hours. When the freezer stops, the power supply may be off or the freezer itself may be out of order.

If the power is off, try to find out how long it will be off. Then estimate about how long the food will stay frozen. With the freezer CLOSED, food will usually stay frozen in a fully loaded cabinet two days. With less than half a load, not more than a day. A freezer full of meat will not warm up as fast as a freezer full of baked food. The larger the freezer, the longer the food will stay frozen.

Now, if it will be several days before you are able to get your freezer back in working order, consider taking your food to a freezer locker plant. If an emergency occurs, call them to see whether they have room for your food. If space is available, wrap the food in plenty of newspapers and blankets or use insulated boxes. Then rush the food there.

If locker space is not available and it looks as if the freezer will be stopped for longer than a day, use dry ice if you can get it. You may be able to buy dry ice from a local dairy or a cold storage warehouse.

Twenty-five pounds of dry ice should hold the temperature of a half-full 10-cubic-foot cabinet below freezing for two or three days. Put heavy cardboard directly on the packages of frozen food and then put the dry ice on TOP of the cardboard.

Now then, what should you do with your food if it thaws?

Partial thawing and refreezing does reduce the quality of foods, particularly fruits, vegetables and prepared foods. Red meats are affected less than many other foods.

You may safely refreeze

foods that have thawed if they STILL contain ice crystals or if they are still cold — about 40 degrees F — and have stayed at this temperature no longer than one or two days after thawing.

You can refreeze thawed fruits if they still taste and smell good. Or you can use them in cooking and baking or for making jams and jellies.

Be careful when you refreeze thawed meats and poultry. Tests do show you can refreeze beef, veal, and lamb that show no sign of spoilage. If the package has been opened, the meat should be rewrapped before refreezing.

DO BE CAREFUL when you refreeze vegetables, shellfish and cooked foods. Don't refreeze any of these foods when they have thawed completely. Bacteria multiply rapidly in these types. Re-freeze only if ice crystals are still in the food. Do NOT use melted ice cream.

Examine and smell all thawed food before refreezing it. If its condition (color or odor) is poor or questionable, GET RID OF IT.

All foods should be refrozen quickly. Turn your freezer to the coldest position so it will run continuously for awhile and food will freeze quicker.

Always use refrozen foods as soon as possible.

So folks, if you have a deep freezer full of food, you might keep this information handy. Then you will know what steps to take in case of an emergency.

But we do hope it never happens to you. . .

HELOISE

P.S. Once our freezer door was left open and not knowing all of this, I cooked up a storm for two days!

DEAR HELOISE: Why can't these fabulous companies that put up stuff in fizz cans put something up in one that we can spray in the air which would tranquilize harried housewives for just a few minutes?

So that we could get over those spells of anger we have which come on like a flash of light?

TRANQUILIZED.

DEAR HELOISE: When little children dress up in Mommy's clothes and want some

old jewelry and you don't have any, make some bracelets and necklaces out of paper clips.

NANCY AMBURGEY.

Krabach To Get Cincinnati City Manager's Post

CINCINNATI (AP) — City Council took the major step Tuesday toward naming Ohio's finance director as Cincinnati city manager and will confirm his appointment today.

Acting as a committee of the whole, Council voted 6-2 to recommend Finance Director Richard Krabach for the post and will cast votes on its own recommendation today as a formality.

Krabach, contacted at his Columbus home, said he preferred not to comment until he is officially appointed today but said he would meet with Gov. James A. Rhodes today about leaving the state post.

"The governor and I have a close relationship and I know I would have his blessing," the 53-year-old Krabach said.

The appointment will mean a jump in salary from \$25,000 he receives as finance director to \$40,000 for the manager post. He has served the state position since 1963.

Howard Collier, now assistant finance director, is scheduled to move up to Krabach's post.

If electric rates are lower than ever, how come your bill is higher?

Yeah, how come?

Easy...you're living better. It works this way: our rates for electricity have gone down over the years. But you're using more power all the time.

These days, you not only use electricity for light, but you can use it to heat, cook, wash and dry clothes, tell time, entertain you with radio, TV, tape and records, shave, dry your hair, keep your bed warm, make your coffee, heat water, open cans, sharpen knives, wash dishes, even carve your Sunday roast.

That's why your bill is higher. Think about that next time you hear us say...

Electricity is your best dollar value.

American Electric Power System OHIO POWER COMPANY

Report Given On Road Jobs

Work was started this week by a Steubenville firm on construction of a roadside rest area at the intersection of Route 7 and Route 213, south of Wells-ville.

The Guy Johnston Construction Co. of Steubenville has the \$184,974 contract with the Ohio Department of Highways for the facility.

The work will include lighting, landscaping, construction of buildings, water lines and a sewage treatment facility.

The clearing and grubbing of the area was started Monday. Completion date for the work is Oct. 31, 1969.

Division 11 Deputy Director Levi Kimball in a monthly report said 73 per cent of the work is finished on the bridge carrying E. 9th St. over the expressway in the West End.

In other Columbiana County projects, about 54 per cent of the work is complete on the 4.1-mile Route 30 relocation from the Route 267 interchange to West Point. Construction of 5.9 miles of S. R. 11 from West Point north to Route 154 is 11 per cent complete.

The contractor is starting work on a 6.6-mile section of Route 11 from Route 154 north to Route 164 near Copeland Lake.

On the Route 30 improvement at Beacon Hill, west of Lisbon, the contractor has completed 42 per cent of the work.

About 96 per cent of the work is complete on the mile-long Route 558 improvement on Franklin Ave., Salem, while the half-mile relocation of Route 518 east of Route 644 is 47 per cent done.

In other area work, the 3.6-mile Route 7 bypass at Toronto is 22 per cent complete, while the 2.6-mile section of Route 7 from Toronto through Empire is 72 per cent finished.

McKenna To Address Kiwanians At Lisbon

LISBON — William McKenna, an engineer with W. E. Quick-sall & Associates of New Philadelphia, will be guest speaker during the Kiwanis Club luncheon Thursday in St. George parish hall.

A native of Lisbon, McKenna was formerly deputy director of the Ohio Highway Department Division 11 at New Philadelphia. He served in World War II as a navigator in the Army Air Force.

Child Injured When Struck By Auto Here

An East End child was injured when struck by a car while crossing Pennsylvania Ave. near Virginia Ave. Tuesday at 12:15 p. m.

Terry Hutchison of 1085 Monaca St. was taken to City Hospital by the driver, Mrs. Helen L. Robinson of 107 Blakely St.

Mrs. Robinson told police she was headed west on Pennsylvania Ave. about 15 miles an hour when the child crossed into the path of the car. The girl was knocked to the pavement. She then jumped up and ran, the driver said.

Mrs. Robinson said she first took the child home and then to the hospital.

Terry, 11, daughter of Mr. and Mrs. Richard Hutchison, is "satisfactory" with a fractured left thigh.

No one was injured in a minor collision at 6:08 a. m. today at Peach Alley and Drury Ln. Cars operated by Raymond D. McCoy, 58, of 130 W. Drury Ln. and Ralph J. Ross, 34, of Lisbon St. met at the intersection. Patrolman Arthur I. Pelers, who investigated, said the McCoy vehicle suffered damage to the left front end, headlight, bumper and fender. The Ross car was damaged on the right front fender and right door.

A 1964 sedan operated by Mrs. Carol L. Helman, 25, of Cannons Mills Rd. was damaged heavily when it slid into the center guardrails on the freeway about 150 feet south of the corporation limit Tuesday at 11:58 a. m. Mrs. Helman told Patrolman Jerry F. Adkins the car slid on the wet pavement and the rear hit the center strip.

Six Are Enrolled By Waiting Wives

Six new members were welcomed at the meeting of the Waiting Wives Club Tuesday night at Mary Patterson Memorial.

They are Jean Jablonski, Virginia Cunningham, Mary Arnold, Sandy Anderson, Dot DeBee and Carol Givens.

A "farewell" was said to Linda Evans, whose husband has returned home after serving in the armed forces.

Final plans were made for the bake sale May 24 at Hills. The next meeting will be June 11. Women whose husbands are in the armed services, not only those whose husbands are in Vietnam, are invited to join the club.

Post 374 Sets Officer Slate

Nominations were heard when American Legion Post 374 met Monday night.

Named were John K. Yost, William Reagle and John Long, commander; Donald Hancock, first vice commander; Allen Goodwin and Thomas Davidson, second vice commander; James R. Poynter, finance officer; Robert Milne, adjutant; Louis Provost, chaplain; James Arcuragi, John Fone and Leroy Patterson, sergeant-at-arms; David Anderson, judge advocate; James Wallover and Vincent McGeehan, service officers; Densel McKinney, James Cregar, Walter Tad Galloway and James Dreier, trustees.

William Sillince, Harris Hill and Ray Plant, insurance trustees; and Robert Poynter, Milne, Arcuragi, McKinney, Long, Patterson, William Reagle, Yost, Goodwin, Paul Gill, Davidson, John C. Frederick, McGeehan and Hill, delegates to the convention.

Cregar, chairman for Boys State, said James Musuraca, Thomas Gooding, Thomas Chambers, all of East Liverpool High School and Mike Lord from Beaver Local High School will attend.

Reagle, Americanism officer, appealed for aid in decorating the graves of veterans at Spring Grove Cemetery May 28.

Davidson reported on the Veterans City Council and Milne on the recent County Council meeting at Wellsville.

Yost, first vice commander, said the membership has reached 561.

The post will hold an annual Cancer Fund drive June 29. Howard (Duffy) Mellon, trustee, announced that a Legion insignia soon will be installed on the front of the building.

Paul Gill, athletic director, said the post will enter a team in Ohio Valley Baseball League. Provost was chosen Legionnaire of the Month.

The post's bylaws and house rules were discussed. Poynter was committee chairman.

Rally Set On May 18 By Youth For Christ

The rally of the Tri-State Youth for Christ has been set for May 18.

The change was necessitated when the Rev. Bob Harrington of New Orleans, guest speaker, was called home due to a death. The event will begin at 7:30 p. m. in Steubenville High School auditorium. Music will include selections by the "Singing Warners" and the Ambassador Quartet.

ANN LANDERS

Bonnie: Get Rid Of Clyde

By
Ann
Landers

Dear Ann Landers: I won't sign this letter because I'm ashamed, but I hope you'll help me anyway. I didn't go to a family reunion tonight because I can hardly see out of one eye. Yesterday my boy friend hit me.

I'm 17 and my boy friend is 19. I really dig him the most and he's neat in lots of ways, but he has a bad temper. We got into a dumb argument over nothing at all and I jokingly said, "You're stupid!"

Suddenly he hauled off and socked me. I must say he was awfully nice about it right after. He went and got me a wash cloth and some ice.

He's hit me a couple times before, but this is the first time he's ever given me a black eye. If my folks knew about this they'd make me stop seeing him and I'd die of loneliness. Is there any way I can get him to control his temper?—BONNIE.

Dear Bonnie: Give Clyde the air — unless, of course, you enjoy shiners, loose teeth and maybe a fractured jaw one of these days. A boy 19 who'd treat a girl so shabbily is bad company. Throw him in the tank.

Roving Mother

Dear Ann: A neighbor of mine thinks it is perfectly okay to take short trips with a man to whom she's not married. She tells people she's doing his secretarial work, which is a joke.

She cannot type or spell and he's a sales manager. When I asked her what kind of secretarial work is required, she says, "I keep his records."

The woman is married to a very nice man. He must be deaf, dumb and blind. Nobody can understand why he lets her get away with this.

Our children are 11 and 13 years of age — the same as the children of this traveling "secretary." They are approaching an age when morals are important. All four youngsters always have been good friends but I'm beginning to think perhaps I

Something happened yesterday which has us deeply concerned. Your advice is wanted.

Juanita's birthday is coming up in two weeks. This morning we received a letter from Juanita's mother. It read:

"Dear Fred and Marie: Please do not send Juanita a birthday gift this year. She has been a very naughty child and doesn't deserve a gift. She's been sassy to me all week and I feel she should be punished. Thank you very much. — DOROTHY."

What should we do?—FRED AND MARIE.

Dear F & M? Write: "Dear Dorothy: Juanita's birthday gift will be on its way in a few days. What happens between you and her is not our business. Find some other means of punishing her. Sincerely, Fred and Marie."

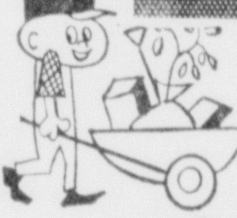

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Today In History

By The Associated Press
Today is Wednesday, May 15, the 136th day of 1968. There are 230 days left in the year.
Today's highlight in history: On this date in 1940, the Netherlands surrendered to Germany in World War II.

On this date—
In 1571, Moscow was burned by the Tartars.
In 1692, Cape Cod was discovered by the English navigator, Bartholomew Gosnold.
In 1862, the U.S. Congress established the Department of Agriculture.

Junior Editors Quiz on UNDERWATER CABLES

QUESTION: How are underwater cables protected?

ANSWER: When it was discovered that messages could be turned into electric signals which could be flashed across a long wire, men began dreaming of an underwater cable which could connect the New World with the Old. Toward this end in 1857 Cyrus W. Field, an enterprising financier, managed to connect Canada and Newfoundland with an underwater cable. At first this broke when the weight of the cable snapped the line, but Field tried again and succeeded. To carry the line on to Ireland was more difficult. Field had to experiment for nine years before he could succeed. Our picture shows the huge steamship Great Eastern with which in 1865, Field laid the first successful transatlantic cable. Our picture shows the wrappings which are needed to protect the inner copper wire of an underwater cable. The wire is wrapped with a special tape and heavily insulated with gutta percha, or similar material. Over this ropelike material jute is spirally wrapped. Steel wires laid over this give strength, followed by more jute which has been treated with a preservative.

Cindy Green of Ashland, Ky., wins a prize for this question. You can win \$10 cash plus AP's World Yearbook if your question, mailed on a postcard to Junior Editors in care of The Review, is selected for a prize.

In 1924, the U.S. Congress passed a bill putting immigration into the United States on a quota basis.

Ten years ago — President Gamel Abdel Nasser of Egypt, a visitor to Moscow, was promised all the Soviet help he needed.

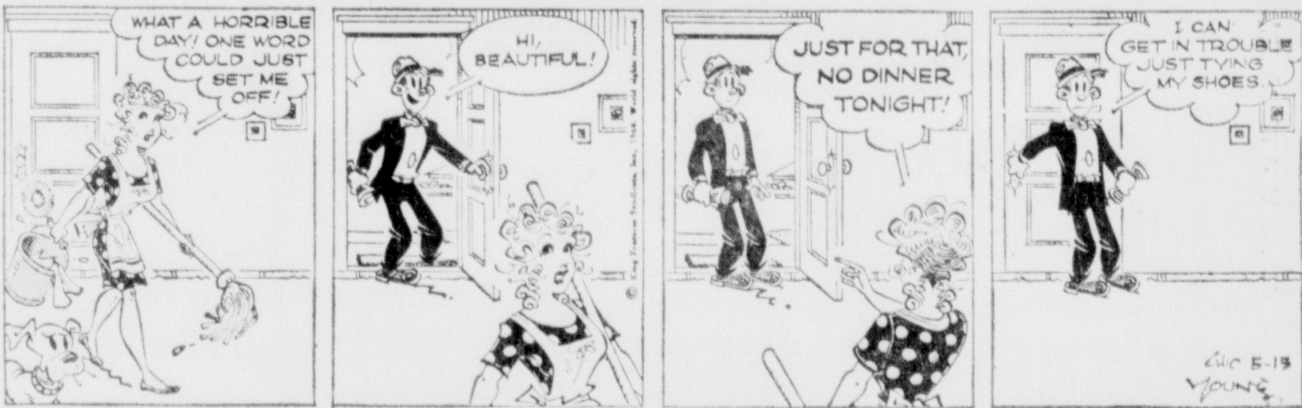

Five years ago — U.S. astronaut Leroy Gordon Cooper was launched into orbit from Cape Canaveral, Fla. He successfully circled the earth 22 times.

One year ago — The U.S. Supreme Court extended to juveniles the same constitutional guarantees provided for adults accused of crimes.
